This form has been specifically developed to obtain feedback from stakeholders, including the general public, on the Environmental and Social Impact Assessment (ESIA) for the Riyah 2 Wind Farm Project. The feedback will be used to inform the ESIA, which aims to identify the environmental and social impacts (and benefits) associated with the Project. The ESIA will assist the Project developer in minimizing environmental and social impacts from Project activities by informing key decisions and defining the environmental and social management plans for the Project. Should you wish to withdraw or modify your comment, withdraw your consent to be contacted, or have your name and contact details to be removed from Project files, please inform the contact person indicated. You will receive confirmation that the necessary action has been taken in accordance with the Personal Data Protection Law (RD 6/2022).
